

Google Classroom

3. Using Google Classroom

- 1 Open your Google Classroom (GC).
If you need assistance to do this please read the Quick Reference Guide titled "Google Classroom 1. Accessing Google Classroom"

Click on the individual GC you want to work with.

- 2 Each GC you are connected to will have a tile on your GC homepage. Click on any one of them to open that particular GC.

- 3 Every GC has the same overall layout. Below is a representation of a typical GC.

Look at other GCs or go to the GC homepage

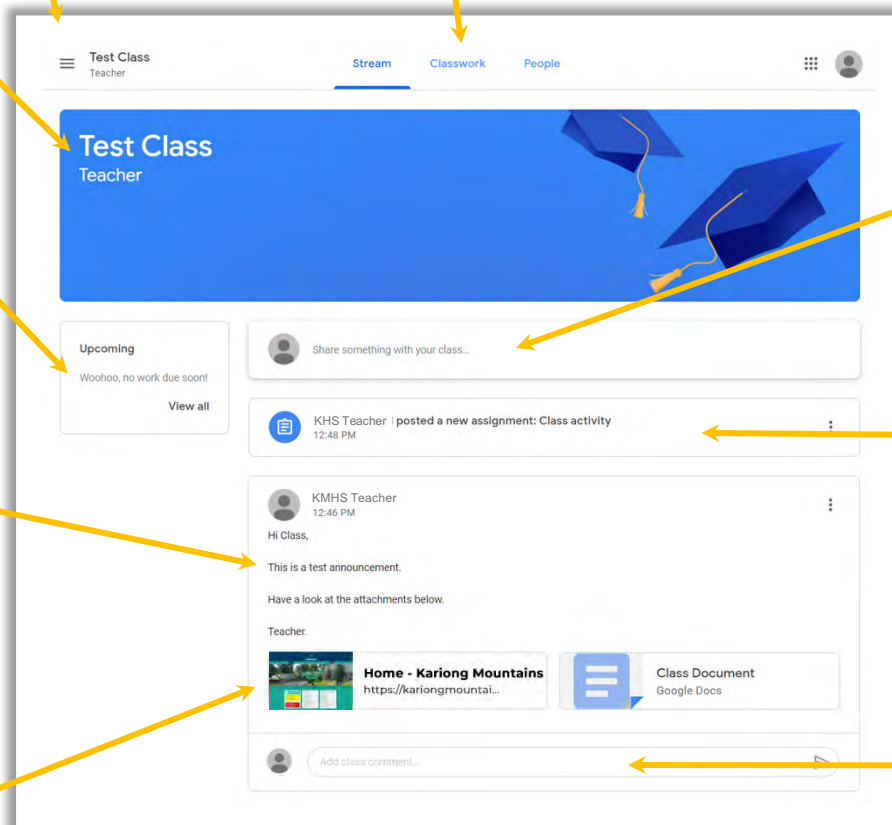

Navigate between the different pages of the GC. Stream contains all messages, Classwork is a summary of all Topics and Assignments, People is a list of everyone connected to the GC.

GC Title and section information.

Listing of activities or assignments due soon.

Any notices posted by the teacher appear on the stream page.

Some notices also include links or attached documents that students are expected to engage with.

If enabled, students can make a comment to the class here.

Any assignments posted will appear on the stream page.

If enabled, students can make a comment on a notice put up by a teacher.
